

INSILCO increases capacity of precipitated silica

May 28, 2010

INSILCO Ltd., India, part of Evonik Industries, Germany, announces a capacity increase for precipitated silica at its production site in Gajraula. The additional capacities will be available by first half of 2011 and will support the growing local demand, in particular of the tire industry.

About Evonik

Evonik Industries is the creative industrial group from Germany. In our core business of specialty chemicals, we are a global leader. In addition, Evonik is an expert in power generation from hard coal and renewable energies, and one of the largest private residential real estate companies in Germany. Our company's performance is shaped by creativity, specialization, continuous self-renewal, and reliability.

Evonik is active in over 100 countries around the world. In its fiscal year 2009 about 39,000 employees generated sales of about €13.1 billion and an operating profit (EBITDA) of about €2.0 billion.
