TEGO® Airex 922 is the next highlight of the new generation of deaerators and defoamers from Evonik.

This silicone–free product is the most efficient deaerator for epoxy floor coatings. At the same time it is free of organic solvents to meet the high requirements of indoor coatings. The good compatibility of this silicone–free product prevents lubricating films, resulting in excellent re–coatability and makes TEGO® Airex 922 suitable even for clear coats with highest demands on optical appearance.

Company information

Evonik, the creative industrial group from Germany, is one of the world leaders in specialty chemicals. Its activities focus on the key megatrends health, nutrition, resource efficiency and globalization. Profitable growth and a sustained increase in the value of the company form the heart of Evonik's corporate strategy. Evonik benefits specifically from its innovative prowess and integrated technology platforms.

Evonik is active in over 100 countries around the world. In fiscal 2011 more than 33,000 employees generated sales of around €14.5 billion and an operating profit (EBITDA) of about €2.8 billion.
